# THE CLASSIC

This year's concept began as "Throwback Thursday." That idea evolved into capturing passed moments through a classic yearbook design. Throughout some of the divider pages you

will notice the use of abstract photos as backgrounds. These background images were scanned from old yearbooks dating back as far as 1972. Since our yearbook also references classic memories

here at PDS we wanted to feature the Providence Day School seal which has been recently brought back into use across campus. We hope you enjoy the book!

LIFE

# SUMMER 2014

The Summer of 2014 was spent traveling over oceans, countries, states, or keeping it local here in Charlotte. Providence Day trips gave students a chance to study abroad and simply absorb different cultures across the globe. French students spent time in Quebec, Canada or Paris and Montpellier, France. Similarly, Spanish speakers traveled to Madrid, Cadiz, Sevilla, and Granada in Spain. Art trips to Venice, Italy and service trips to Cape Town, South Africa allowed students to experience what cannot be taught in the classroom. Some students had the chance to take part in sports camps here at PDS. Students tried their best to find a moment to sit back, relax, and enjoy the summertime.

# CURRENT EVENTS

Taylor Swift's release of her new album 1989 on October 27, 2014 swept the nation. Her hit singles Blank Space and Shake It Off reached the numbers one and two spot in the US Billboard Hot 100. She then became the first woman in Billboard history to follow herself in the number one spot. Taylor Swift throughout the year continued to impress, and was able to score her first Brit award.

This year's Super Bowl was one to remember with the opposing teams being the New England Patriots and the Seattle Seahawks. Before the event took place, there was a huge controversy as the Patriots were suggested to have used deflated footballs during the first half of their playoff game against the Colts. The controversy followed the Patriots throughout the days leading to the Super Bowl, however it did not distract them. The entire game was tight but the Patriots were able to win their fourth Super Bowl win with the score ending at 28-24. One of the most influential plays came from Malcolm Butler as he intercepted Russell Wilson at the one yard line. Should the Seahawks have given the ball to Marshawn Lynch to run it in from the one? That question will be asked for ages to come.

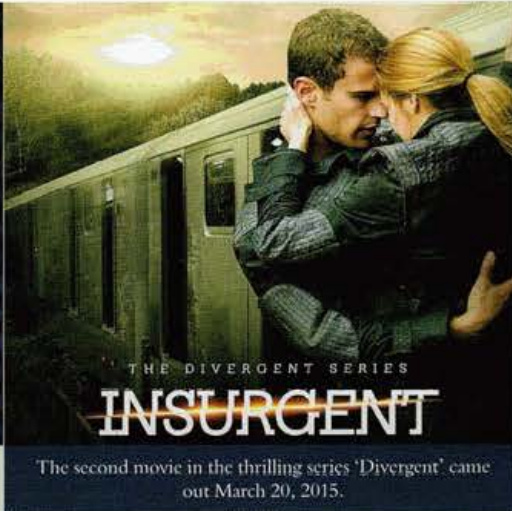

In the summer of 2014, the largest group American soccer viewers ever, anxiously tuned-in as our USA mens soccer team played in the Fifa World Cup held in Brazil. Many supported wearing the red, white, and blue, but were devastated by the defeat by Germany with the score ending at 0-1. However, the US lost to the future World Cup Champions in Germany who beat Argentina 1-0.

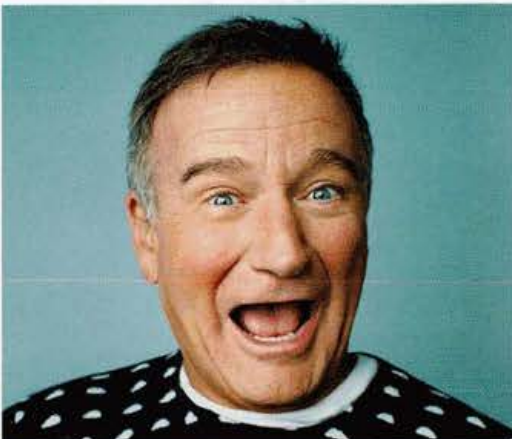

The Charlotte Hornets returned to the Queen City bringing back their famous teal and purple colors in 2014-2015.

The second movie in the thrilling series 'Divergent' came out March 20, 2015.

Ariana Grande had a successful year with some of her hit singles such as 'Break Free.'

Robin Williams, famous actor and comedian, passed away on August 11, 2014.

Derek Jeter retired after 20 seasons as a New York Yankees shortstop.

Back to the Future predicted this year the self tying shoes would exist, and Nike is creating them!

This year Homecoming was full of laughs, traditions, and loads of fun. With an overarching theme of "Always a Charger" the school was excited to get Homecoming week started. The annual games were a blast with tug of war being one of the most challenging and exciting events. At the pep rally students were filled with charger spirit with performances by the cheerleaders and a chant led by the senior football players. Lower School also showed their pride at the game and pep rally by dressing in PD colors. Nia Scarboro and Chike Ekwonu were crowned the 2014 King and Queen of Homecoming. # VARSITY FOOTBALL

This year the varsity football team persevered through many obstacles. The season opener against Charlotte Catholic was a memorable game. Even with the sweltering heat many fans showed up to support the televised game. They played hard and although the team lost it was definitely one to remember. Deontae Henderson, one of the team captains, said “We had a young team but I was happy to see that a lot of the underclassmen were able to step in and contribute as much as they did. I wouldn’t trade my teammates for anyone. Them along with the coaches made my senior season special and something I will never forget”.

Middle School Football persevered through the tough losses. The boys outlooks remained positive as the season progressed. Even though they had no wins, they came close on a few games. Including the game against Cannon School with the final score coming out as 14-20. The teammates supported each other and persevered, no matter how their record looked. The eighth graders look forward to trying out for JV Football or possibly Varsity next year even though they leave their old team members behind for brighter things.

# JV BOYS BASKETBALL

The JV Boys Basketball team's season this year was very good. The boys practiced hard each day, and their persistence has shown off through their scores, with their record being 10-9 and the league record being 6-5. The coaches, Coach Russ and Coach Mehigan, led the team to a great season with their coaching skills. The team worked together really well, and they continued to learn new moves as well as improve skills they already had. The fans were very helpful in boosting the morale and spirit at each game. With a good mix of freshmen and sophomores on the team, the Varsity boys team will gain some great players next year, and the JV team will gain some great players coming up from middle school. Great job, JV Boys Basketball!

To end their season, the Girls Varsity Basketball team finished with a 27-3 record. Returning upper classmen players Erin Whalen, Izzy Gallant, and Celine Ives will lead the Chargers to a successful 2015-2016 season.

Moving up a grade, eighth grade girls basketball had an equally successful year. They started strong winning their first game against Covenant Day, with an amazing score of 42-21. The girls developed a strong bond as the season went on and according to Madison Brading their team joke was #every15minuteseatgoldfish. ## VISUAL ARTS

At Providence Day, the opportunities that come along with Visual Arts are endless. This year, art teacher Mr. Wallace installed a TV allowing for student art to be broadcasted continuously during all hours of the day. This inspired students as they walked down the hall and was an interesting replacement to the traditional way of hanging up art. Not only do students learn about techniques and movements in Art 1 and 2, but also A.P Art History, Photography, and World History. Another new and

exciting project that launched this year was the art trip to New York! Students enjoyed walking the Brooklyn Bridge, visiting museums like the Guggenheim, and staying warm in the chilly New York weather. The Art Lock in was a success as always and Spotlight on the Arts was an opportunity for students to showcase their art and for anyone (art student or not) to figure draw from a live model. The Visual Arts department expanded greatly during this school year, and will only continue to get better.

## PERFORMING ARTS

At Providence Day, there are tremendous ways to explore interests in performing arts through band, strings, chorus, jazz band, a cappella clubs, and theater. Students gain imagination, skills, and originality from participating in offered classes, clubs, and school plays. The productions *Seussical*, *Get Smart*, and *Into The*

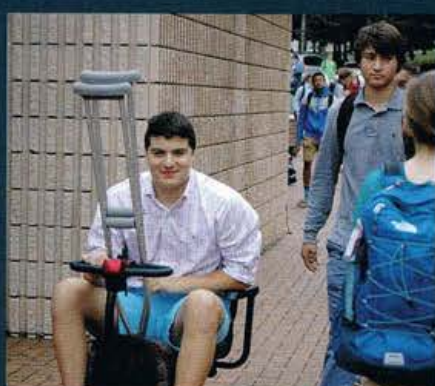

*Woods* were all a huge success. All teachers involved in the plays, and even concerts, worked very hard to ensure that they ran smoothly and that the students had fun. Spotlight on the Arts was a great way to allow students to perform in front of other students and share their talents with the school community.

# ACADEMIC

# FACULTY

The faculty at Providence Day is definitely one of the most important parts of the school. Without the amazing faculty, nothing would ever be accomplished. The teachers make learning fun and interesting for all of their students, and keep the students engaged with group projects and hands on activities. The teachers make sure get to know all of their students personally, which creates a strong bond and a healthy relationship. The maintenance crew works hard to keep Providence Day running at top shape, so that work can be done. The faculty's hard work and stability is what makes Providence Day so great.

# GLOBAL STUDIES

Here at Providence Day we take pride in our amazing Global Studies program. Each year more and more people become interested in the Global Studies program, and put themselves on the path towards a Global Studies Diploma. There are plenty of course topics offered each year from literature, to history, to religion. Not only do we offer awesome classes for Global Studies, we also offer opportunities to travel abroad to countries like China, Ireland, France, Spain, and many, many more. Providence Day has had the great pleasure of enlightening the students, and helping them view the world differently through Global Studies.

# TRANSITIONAL KINDERGARTEN

Transitional Kindergarten had a fantastic year filled with learning and fun! The TK Cottage was a new addition this year, the Cottage captures the energy of the wilderness with trees painted on the walls and soothing colors. TK also went global and studied different cultures across the world including China, Germany, and Kenya. One of the other highlights this year was the TK Circus where the kids performed for family, friends, and showed off all their hard work. TK also enjoyed creating new friendships with their Upper School buddies.

# KINDERGARTEN

Kindergarten had so much fun this year working and improving their reading skills. During their free time students enjoyed going to the classroom library and reading books. Kindergartners enjoyed making new friends not only in their grade, but also with high schoolers through advisee groups. Kindergarten was the start of something new, and the kids created memories in an environment that fueled their creativity and ingenuity.

# FIRST GRADE

First Grade enjoyed the next step in their Providence Day career as they explored the world with new field trips including bird watching. First Grade also improved their reading skills, math skills and strived to learn new things each day. One of the most memorable moments of First Grade was Johnny Appleseed Day, where they did all sorts of crafts with apples. Students also enjoyed being able to go to extra curriculars including P.E., Art, and Music.

# SECOND GRADE

Second Grade flew all around the world studying the seven continents while learning through digital content, videos, interactive activities, and other projects. When studying Antarctica one of the students favorite projects was sticking their hand in 'penguin blubber' to see how much warmer it was than just having their skin as protection. Throughout the year the students went on many field trips, including the planetarium where the students were able to learn about the underground railroad.

# THIRD GRADE

This year, Third Grade focused on mastering multiplication and division facts, writing in cursive, and studied many different countries. The Third graders celebrated their heritage as they explored the history of the United States and learned about immigration. The students also took many trips this year including their trip to Loaves and Fishes. The students worked hard to gather non-perishable goods for this trip and they help the workers sort food before taking it to various locations. They also visited many historical sites in Charlotte.

# FOURTH GRADE

The Fourth Graders had a year of exciting trips and interesting subjects to study. The trip of the year was to Fort Fisher where, they took a tour of the Battleship North Carolina, Fort Fisher, the NC Aquarium, hiked through the park trails, observed nature, and explored the NC marsh area to discover wildlife and creatures that inhabit that area. Students spent quality time with classmates and teachers playing fun beach games, and also enjoyed walks on the beach to take in the beautiful NC coast. The fourth graders had a great year, and worked hard and has shined brightly in every subject area.

# FIFTH GRADE

As top dogs of the lower school, the Fifth Graders found themselves to be role models and leaders. New clubs and activities became available for them, such as Math Olympiad, Battle of the Books, and Enrichment Programs. Many students participated in safety patrol, where they supervised the younger grades in the mornings. The students' favorite activity was the Second Continental Congress where each student portrayed someone important in American history. They enjoyed their final year in lower school and can't wait for the adventures ahead.

# MIDDLE SCHOOL

# SIXTH GRADE

The Sixth Graders enjoyed their first year of Middle School by finding classes on their own. A favorite class memory was the trip to Camp Cheerio; which was filled with laughs and new friendships. Another was the pen pal project with J.H. Gunn and everyone loved the renaissance festival. These activities created new friendships and formed new bonds. Now able to start their education in foreign languages on a deeper level, kids dived in full force. Sixth grade is a learning experience, and will prepare them for the rest of their schooling career.

# SEVENTH GRADE

The Seventh graders were introduced to many new experiences this year. They became more responsible for their academics and were able to sign up for sports. Their work load increased from their previous year but it allowed them to prepare for eighth grade. Their historical trip to Charleston, South Carolina, helped them expand their knowledge of US History and is also said to be one of the most fun trips at Providence Day.

# EIGHTH GRADE

The class of 2019 had a great final year of middle school. The class learned new material in the classroom, like Geography and reading books such as *The Outsiders* and *Romeo and Juliet* in English class. Students took part in many sports, from tennis to track, becoming contenders for sport positions on Upper School teams next year. The class also visited Busch Gardens and Jamestown, Virginia for their trip and had so much fun! The class of 2019 is prepared for their Upper School career and look forward to next year.

UPPER SCHOOL

# NINTH GRADE

The class of 2018 was introduced to their first year of high school with great success. They transitioned well regardless of the increase in their workload and responsibilities. They experienced their first homecoming along with the opportunity of being voted onto Homecoming Court. The Freshman orientation allowed for new friendships to blossom and the strengthening of older relationships. The class trip consisted of three insightful community service projects which really helped grasp concepts like social responsibility.

# TENTH GRADE

The Sophomore class learned a lot this year. As sophomores, they encountered many new experiences with the freedom Upper School had to offer. In their second year, they were able to adjust to the increased amount of workload. They were able to take AP classes and decide what their future schedules would be. This year, they went to Washington D.C. and to museums to learn about Modern Art and National History. The Sophomores are ready to become upperclassmen next year as they go on to become juniors.

# ELEVENTH GRADE

The Juniors had a great year! Their Homecoming video, banner, and scores came in Third Place for Homecoming Games and experienced their first PowderPuff. Their exciting class trip was to New Orleans, where they did community service, museum tours, river boat cruises, and ate delicious food. The Juniors also endured long, strenuous work with SATs, College Prep, and new AP Courses, along with preparing for their final year at Providence Day. Next year, they will return as Seniors and continue their excellent work.

# KNOW YOUR SENIORS

Notable seniors that made a lasting impact in their community.

## EMILY ASHKIN

Emily loves science! She has had quite an unconventional high school experience with this field. Beyond being captain of the Science Olympiad team, Emily has spent her past three summers conducting cancer research. Her research and science fair experiences have led to many trips including Beijing, China. In her senior year, she was named an Intel Science Talent Search Finalist and given the Glenn T. Seabor award--an achievement she "never thought was possible and only ever dreamed of." Emily believes that "science is the key to unlocking the mysteries of the world and improving the human condition."

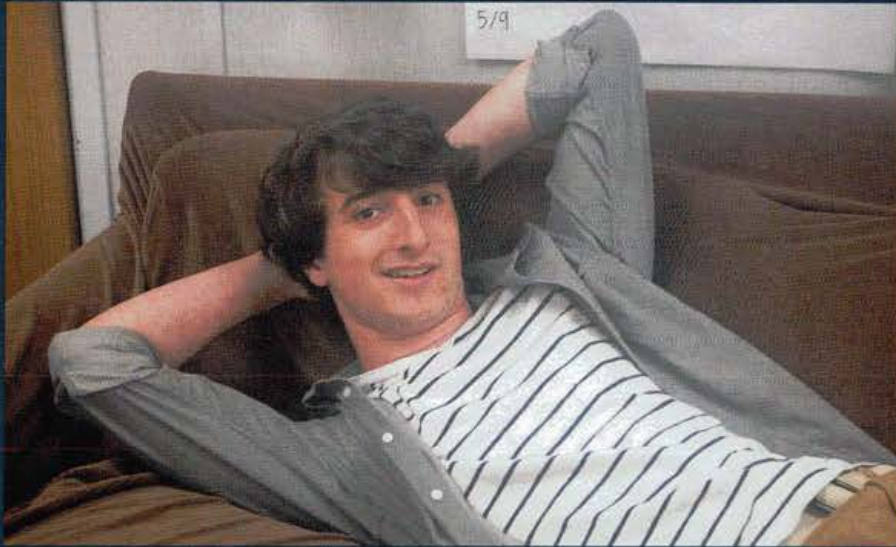

## JACK KASPAR

Jack during his high school career has volunteered with "Take on Sports" an organization, ran by the Wesley Chapel Weddington Athletic Association, that allows mentally and physically handicapped children to play on weekly rec-league teams. Jack brought his project to SOS and the Providence Day community his sophomore year, and has continued since. "Through my volunteer work, I've come to realize that sports have the capacity to be much more than just games: they have the power to build relationships. Take On Sports has truly made an impact on my life, and I'm glad that I was able to share this great organization with the PDS community!"

# THOMAS LAUB

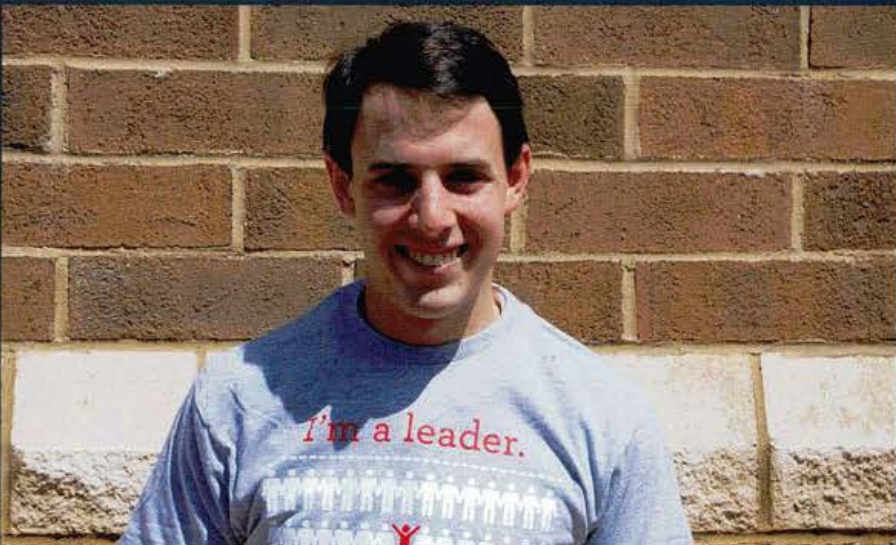

Thomas has been acting in shows around town since middle school and he has recently been accepted to the top Musical Theatre school in the country (Go Blue!!) He loves performing more than anything, and some of his favorite roles include Chuck (Footloose) and Seymour (Little Shop.) He is thankful to his many mentors along the way--LA Sword, Caroline Bower, and Kevin Bacon.

# LILY HADER

Lily's passion and talent for art sparked conversation around campus. She has been taking art since 7th grade and ended her Providence Day career in A.P Studio Art. "My classmates and Mr. Wallace and Dewey are really influential to me as an artist. They are always critiquing my work and helping me grow and get better as an artist." Lily plans on continuing her talent by pursuing a career in architecture and design, and is very thankful of PDS who has helped shaped her path.

# NAT RUARK

During spring semester of his junior year, Nat left Providence Day to study abroad at The School for Ethics and Global Leadership (SEGL) in Washington DC. SEGL is a semester-long residential program which emphasizes ethical thinking skills, leadership development, and international affairs. He spent one day a week analyzing and debating the challenging issues facing leaders today, including the Israeli-Palestinian conflict, genocide, the crisis in Ukraine, and gun control/rights. "After three weeks of intensive research, we wrote a forty-page formal policy document and presented our recommendations before a panel of senior leaders at the Pentagon. My life goal is to dedicate myself to public service, including running for President in 2040."

## KELLY ALBERT

Kelly-  
You've been our little Pumpkin since you were two. We can't believe how quickly the time has flown by and you are now a grown woman. It's been a fun and wild ride and we just couldn't be prouder. Each year you've set your sights on new goals and were always tenacious enough to achieve them. Stride confidently toward your future and continue to challenge yourself. We know your "place shall never be with those cold and timid souls who neither know victory or defeat." As you head off to college, we hope you take with you many happy memories, your innate curiosity and the wonderful realization that your life is now filled with endless possibilities.

With much love,  
Mom, Dad, Tucker and Mackenzie

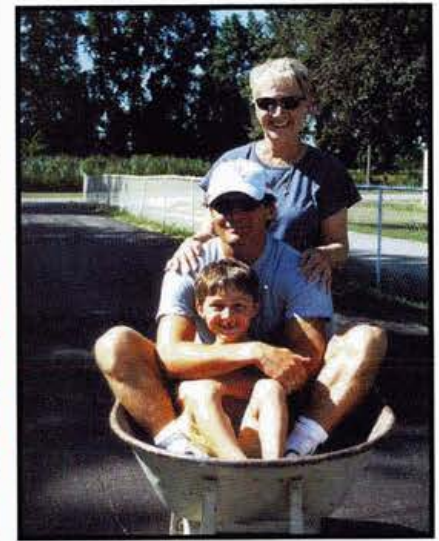

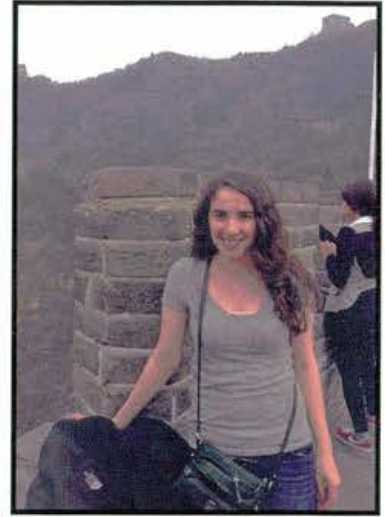

## KYLE ASHER

Dear Kyle,  
 We've always called you "KC wonder" because that perfectly describes your essence. Your open mind and easy spirit allow you to fully embrace the "length, breadth, and height" of life. You require no push to succeed - you are naturally "pulled" as Steve Jobs once described, by the intelligence, insight, and creativity with which you've been blessed. Most importantly, you have grown into a truly wonderful person - a good and kind soul with a sensibility for the welfare of others. Kyle, you honor the blessing of each day by making "carpe diem, quam minimum credula postero" a way of life. We love you, we are inspired by you, and we are very proud of you. You will change your world.

Mom and Dad

## EMILY ASHKIN

## WILLIAM CONNOR

Here's to the crazy ones. The rebels. The ones who see things differently. You can quote them, disagree with them, glorify or vilify them, but the one thing you can't do is ignore them because they change things. They push the human race forward. And while some may see them as the crazy ones, we see genius because the ones who are crazy enough to think that they can change the world are the ones who do.

## JACK COOVER

The Year was Nineteen Ninety Six,  
 In a dusty old town in the sticks.  
 Into the brave world  
 Came a boy, hair curled  
 With a future no one would predict

Oh, your interest are quite varied  
 As have been the hairdos you carried  
 A style all your own  
 No one can ever clone  
 So put together, never lookin' scary

Key to Jack's long - term success  
 Was when he moved to old PDS  
 His confidence awoke  
 Now he's quick to joke  
 If only his sarcasm we could finesse

Jack is truly unique, there is no twin,  
 To see him grow up, a joy it has been  
 How do we describe?  
 Always give the same vibe  
 He's just a guy comfortable in his skin

We love you - Mom, Dad, Sam, Lola, and Oscar

## DREW EMERINE

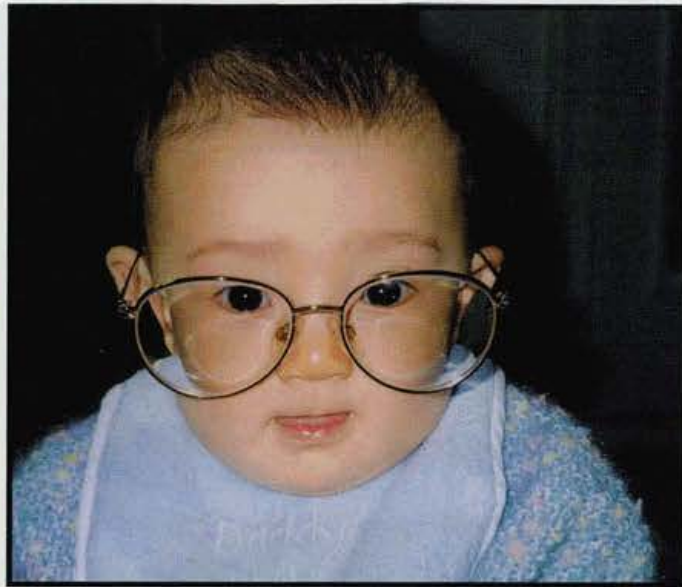

Drew,  
 You walked at nine months, was singing all the lyrics to The Beatles Greatest Hits at the age of two and by three you had taught yourself to read. Early on, when you could barely speak. We learned not to mess with your Lego creations, for if we moved just one Lego out of color sequence you would growl at us and knock the entire thing down and build it again. It makes perfect sense that you now aspire to become an Engineer.  
 Providence Day has been a perfect fit for you. You've made a wonderful group of friends as well as building lifelong bonds and friendships with your teachers. Wearing your camouflage robe, "Grandpa shirt", Chubbies and bucket hat, you definitely have found your own sense of style. Your love for Capri Sun, Thin Mints and "Scootering" has become legendary. What can we say Drew, "You're One Cool Dude"!

Each passing day, we grow more and more proud of you Drew. You are kind, compassionate and loyal. You are such a blessing to our family. Stay strong in your faith and stay true to who you are. We love you.

Love,  
 Mom, Dad, Delaney and Joy

 A man much wiser than most once said that "if one advances confidently in the direction of his dreams, and endeavors to live the life which he has imagined, he will meet with a success unexpected in common hours." Your family has no doubt that you will be one of those men – especially your brothers who would like to leave you with a little advice. One of them says, "Come on!!!" The other says, "Jiggily!!!" Whether you remember their advice is up to you, but as you take the next confident step in the direction of your dreams, please remember this: all that is required of you is to do justice, love kindness, and walk humbly with your God. Also remember this: all of us love you very much. --Millan, Guille, Mom, and Dad

## HANNAH HUMPHREY

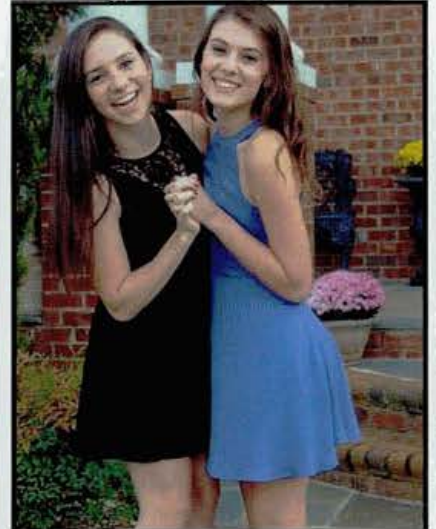

Since the little girl who refused to crawl, you have always scooted your way. The munchkin who wouldn't ride a bike, planned her drivers' license years ahead. We've enjoyed milestones - first school days, American Girls, cheerleading competitions - and everyday joys: four-leaf clovers, laughing with friends, and countless sleepovers. Now, our flyer flies on her own.

Congratulations for the caring, kind young woman you have become. We love you unconditionally and forever. You are always our favorite daughter!

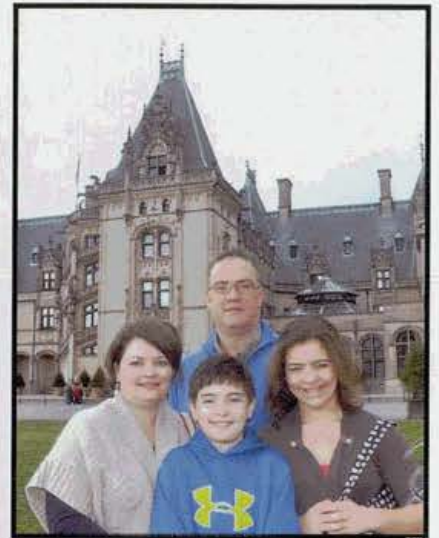

Hannah,

Odd to think when you started PDS, we couldn't spend five minutes without bickering. Now, as you finish PDS, you are one of my closest friends. I am proud to be your brother and know you will succeed in the next phase in your life. Congratulations!

Matthew

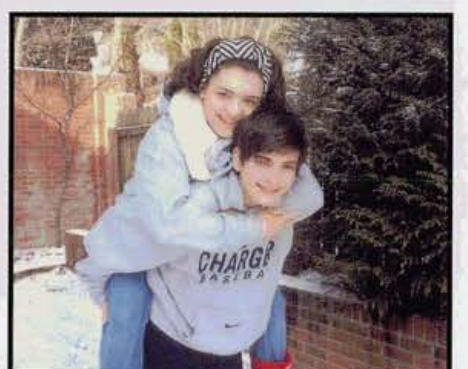

### MADDIE IVERSON

 Mom, Dad & Zach

## CAMERON JONES

Cameron,  
How proud we are watching you grow into a spirited, independent and confident young woman. Remember when your little hands would fly in the air with excitement? We still see the occasional hand clapping and can't help but smile.

You're an amazing daughter, sister, friend and teammate. We've loved watching you play soccer, swim, run XC and yes...play the violin. The fun trips and countless hours traveling for soccer (Montevallo?) will all be cherished.

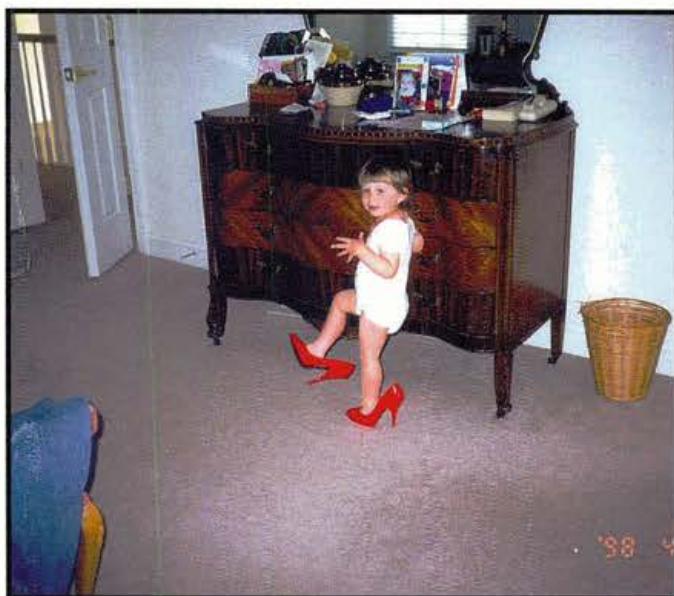

We love you!  
Mom & Dad

Cam, You've the best sister anyone could EVER ask for. You are always there for us. You give us advice (even though we don't always take it) and make us smile every day. We're gonna miss you so much.

We fondly remember your first days of PD; it's difficult to realize this is your last. We are very proud of you and have so many wonderful memories.

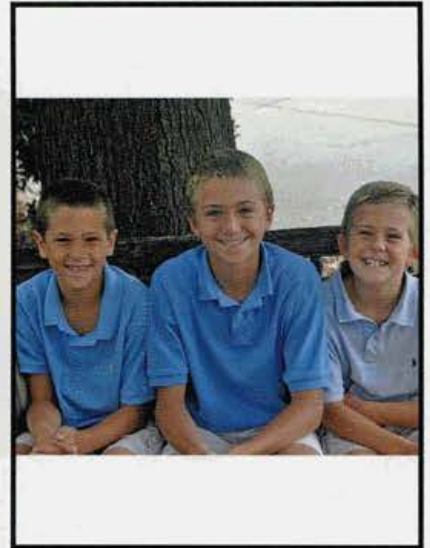

Be happy, make good choices, and new memories. Pray and thank GOD for your many blessings.

We love you to the moon...and back!

Love always, Mom, Dad, Scott, and Benjamin

# MATTHEW LEE

Matthew,  
 I wait with great anticipation for the next chapter in your life. I'm amazed by your integrity, compassion, strength, and intelligence. On your journey, always remember to keep God first. I remember we were sitting in the bedroom, you ran in picked up something and left. Your Daddy said (pointing at you) "When I'm gone, that's me walking." You are like him in so many ways and as excited as I am for you; I'm reminded that "Your" dad and "Your" twin Mark are gone but not forgotten. Go to your destiny, Boo. Always remember, stand on your own, even if you stand alone. I carry you in my heart, until time stands still!

"I think she is growing up, and so begins to dream dreams, and have hopes and fears and fidgets, without knowing why or being able to explain them."

-Louisa May Alcott, Little Women

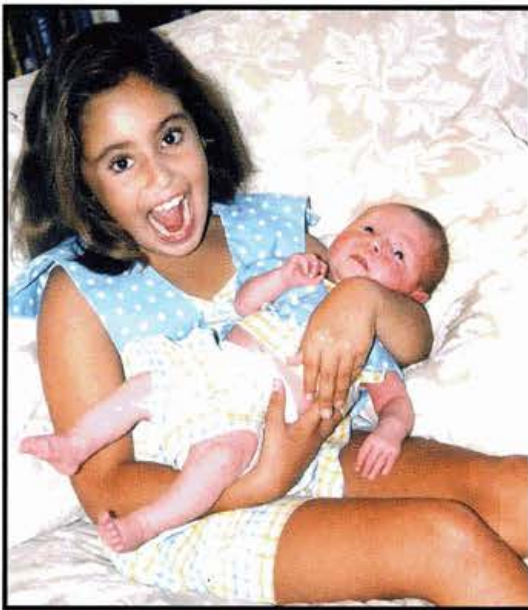

Once upon a time there was a chubby - checked girl that people from all walks of life said had "wise eyes." As her personality grew, she was playfully named The Juje. Then one day, as if by magic, she turned into an amazing young lady.

Julia, from your first breath in SF to your graduation at PDS, watching you grow has been a joy. We are proud of you and excited to see how you will shape your life. Whatever the future holds, no doubt you'll make a splash!

Love, Mom and Dad

# EREN TELIMEN

Canim yavrum, birtanem,  
 Ever since we heard the words "it is a girl!" up until now, you have been the source of our joy. As your name implies in Turkish, through the years you have grown to become a wise and a virtuous person. Travelling overseas, playing the drums and creating art have always been your passion. As you embark on your next move to college, we know you will continue making smart choices, and your wisdom will carry you to whatever dreams you have in your life. Always remember to be yourself, keep your sense of humor, and know that your compassion and resilience will help you along the way. Keep on "drumming", and know that we will always be your biggest fans.

Love,  
 Mom & Dad

## JOE WOLF

Joe,  
 Congratulations on all of your growth and accomplishments at Providence Day; we are very proud of you. It's been quite a journey since moving to Charlotte and PDS as a freshman four years ago. We know you weren't sure about coming, but have enjoyed watching you show persistence, and grow from the experiences. Remember what Sir Winston Churchill said, "Success is not final, failure is not fatal: it is the courage to continue that counts."  
 While a little scary to have you on your own as you head to college, our principal wish is that you seek challenges, never give up, and be true to yourself.

We love you,  
 Mom, Dad, and Kevin

A  
Dreamy  
Midsummers  
Night

This year's prom theme of a Dreamy Midsummer's Night, based on the famous play by William Shakespeare, was a truly night to remember. The students were in for a night of whimsical fun! The event was held at the Ritz Carlton in downtown Charlotte and the venue became full of laughter, music and memories. The students were in awe of the enchanting decor which

captured the essence of the magical forest within the play. The after party was another favorite of our upperclassmen as it was held at Discovery Place. They interacted with the fear factor station, a touch tank, and a bed of nails! Kathy Osorio said "Prom was amazing! It was the best night of the school year!"

# VARSITY BASEBALL

The varsity baseball team knocked it out of the park this year. The team worked incredibly hard and showed truly great sportsmanship. There were many games that occurred during the season, but one of the most notable was the win against Charlotte Latin, where they beat the Hawks 14-8. Another highlight of the season was the team's victory against Hickory Grove Christian School, where they scored 6-2. The team put a lot of energy into their practices, which really showed during their games this year.

The varsity softball team did an incredible job this year. One of the major highlights was the game against Covenant Day, where the team won 11-0. Another important game for the varsity softball team was their game against Cannon School, where they won 10-0. The team played hard this year, and their hard work really payed off.

Bottom Row: N. Framm, M. Yarborough, C. Brown, B. Barton, A. Farrell, L. Norris, G. Simonetti, M. O'Gorman.

The Varsity Girls Lacrosse Team played really well this season. They played Charlotte Latin and Country Day, and although the girls lost a close one to Fort Mill High, they managed to dominate Forsyth Country Day by nine points behind the leadership of their seven seniors. Captain Cassie Brown reflects back on the season saying that they "had a great time on [their] spring break trip to Raliegh and Wrightsville Beach". Also, they "beat St. Mary's Academy and Cape Fear Academy, so it was great getting those two wins".

Even with such a young team, the Varsity Boys Lacrosse players had a strong season. The boys had a pretty successful spring break trip to Wilmington, only losing a close game to Hoggard High School and dominating two teams: Eugene Ashley High School and Cape Fear Academy. For the Wounded Warrior event held on campus, they lost a close one to Cannon, but they managed to defeat Charlotte Christian a week later.

With the number 14th spot in the country, and 2 state championship wins under their belt the varsity soccer team looked forward to a great season. Captain Lauren Lucas was excited to lead and encourage the team through the games. *One of the most exciting games* was beating Charlotte Christian by the large margin of 6-0. The girls improved their skills and confidence as they took on stronger teams. The girls were also excited to play under the lights of our home field against Charlotte Latin. The game was tight and they tied the Hawks in double overtime 1-1. With such a strong team, we are sure to see more success from the Varsity Girls Soccer team.

Varsity Boys Golf team had an excellent season. With one senior on the team, Will Stewart, the rest of the team had to step up their game to fill in big shoes. The team played well this year placing first in three matches and finishing in the top three at multi-team events. A match to remember was against Cannon with the final score ending at 294-290; a true close victory for the Chargers. With the team being so young everyone put their best foot forward and improved steadily.

The Varsity Boys Tennis team had a great start to the season with a shut out win against Greensboro Day 9-0. With the teams confidence raised the boys were able to take on many other competitors with ease. Including beating Charlotte Catholic 7-2, Cannon 9-0, and Charlotte Christian 7-2. Having six seniors on the team was very useful in that the older boys were able to encourage and inspire the younger ones throughout the season making for a very successful and productive team. The friendships that were made throughout the season only made the team stronger and ready for the season ahead.

Varsity Track and Field is one of the most popular sports at Providence Day. The team has won numerous state titles, the most recent being in 2014. Over the last five years, the team numbers have increased to over 60 athletes who compete against public and private schools. Each athlete works toward personal excellence, setting and breaking personal records frequently. With such a hardworking team, wins against schools like Gaston Christian School and Latin were not surprising this season. Even though the track program is made up of diverse athletes with different abilities and skills, the runners, jumpers, and throwers came together as a team when it really counted.
